

STARVIEW™

FORM-O-MATIC SERIES FULLY AUTOMATIC VACUUM FORMERS

**Standard FOM Series Automatic Vacuum Forming
Machine shown with optional plug/grid assist**

- ★ **Complete PLC machine control with color touch screen operator interface**
- ★ **Fully automatic, roll fed with adjustable guillotine sheet cut-off**
- ★ **Optional plug/grid assist adjustable from touch screen**
- ★ **High efficiency radiant panel heating elements for maximum heat to film while conserving energy**
- ★ **Heater oven zoned for uniform heating of film**
- ★ **High powered cooling blowers to reduce process time**

Description

Starview's FORM-O-MATIC Series vacuum forming machines are fully automatic, roll fed or sheet-fed and include radiant heater panel oven for maximum heat penetration, automatic out-feed and a finished sheet guillotine cut-off system.

Starview's FORM-O-MATIC Series vacuum formers can be equipped with optional features such as a sandwich (upper and lower) heater system operated dependently or independently above and below the film. Also available is male/female mold capability, an inline automatic pre-heat station, an automatic plug/grid assist that is adjustable from the touch screen and adjustable film width.
